Dear Parent or Guardian of Member:

Here at California Health and Wellness we are always thinking of ways to improve your child's health. California Health and Wellness will give you a $50 Visa® Prepaid Card for taking your child to complete their childhood vaccines (shots). Children need several shots in the first 18 months of life. Shots are an important way to protect children from very serious illnesses. Talk to your doctor if you have any questions about the shots your child may need.
