Revised December 2020

WELCOME TO CALIFORNIA HEALTH & WELLNESS

We would like to welcome your family to California Health & Wellness. California Health & Wellness provides quality healthcare benefits that are convenient and accessible. Our main priority is making sure you receive high-quality healthcare coverage.

This is your provider directory. The next few pages tell you how to use the directory. Let us know if you need help understanding this. If you need them, interpreter services are provided free of charge to you — including sign language and real-time oral interpretation. To get an interpreter, call our member services line at 1-877-658-0305 (for TTY, contact California Relay by dialing 711 and provide the 1-877-658-0305 number).

We are adding new providers every day. If your doctor is not listed or their information does not look complete, please check online (www.CAHealthWellness.com/for-members/find-a-provider/) for new updates or call our member services line at 1-877-658-0305 (for TTY, contact California Relay by dialing 711 and provide the 1-877-658-0305 number).

EASY TO USE

Getting benefits from California Health & Wellness is easy. We believe the best way for you to keep good health is to develop a good relationship with your family physician. That is why you, and any of your family who are members of California Health & Wellness, need to choose a Primary Care Provider (PCP) or a Clinic that has multiple Primary Care Physicians.

When you need care, start with a call to your PCP for an appointment. Tell them you are covered by California Health & Wellness. If needed, your PCP will make a referral for specialized care. It's that simple.

For each PCP there is a PCP number. This is an important number. You will need this number to choose a PCP when you enroll in California Health & Wellness or to change your PCP once you are enrolled. Family members can go to different doctors and may choose different PCPs.

If you choose a clinic or a doctor working at a clinic to be your PCP, you will be able to see any doctor at that clinic.
